suite101.com: [Oppo BDP-83 Player Review - Blu-ray and More from the Oppo Multi-Format Disc and USB Reader](#)
By Bill Kallay, August 31, 2009

"Oppo has really shown it can play in the big leagues. After producing some acclaimed DVD players, they've created the stellar BDP-83. It's an exceptional universal player that does everything so well, and so right."

LA Audio File: [Product Review \(August 2009\) - OPPO BDP-83 Blu-ray Player with DVD-Audio/SACD/HDCD](#)
By Kevin Nakano, August, 2009

"OPPO has once again outdone themselves with the BDP-83 and it is likely to be one of their most successful products. We would not be surprised if this unit becomes one of the best selling Blu-ray players to date. We have now officially made the OPPO BDP-83 our reference Blu-ray player and the choice was not difficult."

Everything Audio Network: [SACD, PCM and Video Playback Impresses Veteran Audio Pro](#)
By Tom Jung, August 17, 2009

"The player also digitally bitstreams all the multichannel formats via the HDMI output jack — including DSD. Thus, compatible processors and receivers can decode the programming, if the end-user wants to bypass the internal converters."

Home Theater Review: Oppo Digital BDP-83 Universal Player Reviewed
[By HomeTheaterReview.com, August 10, 2009](#)

"The Oppo BDP-83 is a great player that does a lot and does it really well. This single unit replaces the need for separate high-quality CD, DVD, SACD, DVD-A and Blu-ray players."

Playback Recommended 2009: The Biggest Bargain in Home Theater
[By Chris Martens, July 30 2009](#)

"Oppo's BDP-83 Blu-ray/universal player is more versatile than most other players at any price, and it offers better picture and sound quality than anything I've seen or heard at, or even remotely close to, its price."

Home Theater Magazine: Dawn of a Blu Universe
[By Kris Deering, July 2009](#)

"The BDP-83 is a reference video and audio transport regardless of the format you throw at it. But it's also the most user-friendly standalone player I've had the pleasure of using."

UltimateAVmag.com: [Oppo BDP-83 Universal Disc Player](#)
By David Vaughn, July 2009

"The BDP-83 is the complete package—it rivals the PS3 in speed, it plays Blu-ray discs flawlessly with a DVD-like experience, it offers outstanding upconversion of DVDs, and it even plays SACD and DVD-A discs. Even better, it lists for only \$500, making it an incredible value. The Oppo BDP-83 truly is the ultimate Blu-ray player, and it's found a permanent home in my reference system."
